The 47 Things Every Freshman Should Know

APB, SDG, JO'C

WORDS FROM THE TOP

- 1) Being ten minutes late for class is no problem; we call it "Berkeley time."
- 2) Your Cal ID card can be used for one free rental at Blockbuster.
- 3-47) You can always ask for a take-home final exam instead of an in-class final. Professors must allow students ten minutes of "facebook time" per hour. Bums on Telegraph want hugs more than they want money. The answer pattern for all multiple choice exams in the Biology department is CACA. UCPD officers are legally required to give you a ride if you ask. In a pinch, bus pass stickers can be used as birth control. Fire drills always end in orgies. As of this year, every restaurant in the Asian Ghetto accepts Dining Plan points. Smoking marijuana is legal within city limits. The Tang Center doctors will always give you a free sample box of Adderall, just say you forgot the coupon. Once a month a loud alert horn will sound, letting you know you can go home early. Cocoa Crispies and Cocoa Puffs are actually the same cereal. Oski is played by a woman. If you steal the RA's pants you become the RA. The instrument at the top of the Campanile is called a carillon. The co-ops are a good cheap alternative to smelling good. You can't be arrested for a DUI if you're asleep when the cop finds you. Everyone on your floor can hear you singing along to Deathcab. Your boyfriend didn't dump you because of the freshmen fifteen, he dumped you because you're annoying. If you can trick the Chancellor into saying his own name backwards you automatically get into Haas School of Business. In an emergency, Rally Comm is fully trained to climb to the top of Barrows and fly the building away to safety. All 8AM classes actually begin at 11. Three Fs make a B. Scantrons can only be filled in with number two pencils or Sherwin-Williams house paint. Campus vending machines are free on the solstice. Otter Pops do not contain otters. CAL DINING is an acronym. Dr. Jokèmon cannot be captured in a Jokèball. The Tang Center is named for its distinctive odor. Due to a software bug, the millionth student to log into Telebears will be instantly transferred to Davis. The Daily Californian was originally called the Yearly Arizonian, but the name was changed after their annual output was three-hundred-sixty-fippled and the offices were moved from Pennsylvania. Mario Savio was bi. The moon is a harsh mistress. Asian girls have straight pubes. It doesn't matter where you're going: take the 51. Anthropology majors give the best head. Engineering majors build the best bridges. The city of Berkeley has only one fire truck, but it is two hundred feet long. Mary Poppins died in Wheeler. History 7A and History 7B are actually the same class. 10% of you will be mugged this year. 5% of you will be sexually assaulted before graduation. Cal Grants and Student Aid are at the lowest level they've ever been and tuition and fees are the highest. If you finished this list in under thirty seconds you have fulfilled your R1A requirement.

Welcome to college, and yes, this will be on the test.

Wal-Mart Enters into Heroin Retail Market

By John O'Connor, supporting local dealers

Wal-Mart today announced its plans to begin selling heroin in its 1,146 Wal-Mart stores, 2,098 Supercenters, 567 SAM'S CLUBS and 107 Neighborhood Markets in the United States.

"Wal-Mart sells a lot of shit, you know? Well, why not heroin? That shit is fuckin' expensive too, we're going to make a killing. What's the problem?" asked Stephen Quinn, Wal-Mart's Senior Vice President of Marketing, while maniacally

laughing and viciously throttling an old man that formerly ran a hardware store before Wal-Mart forced him out of business.

"The problem is that selling heroin is illegal," said Michael Braun, the DEA's Chief of Operations. "Wal-Mart is delusional if it thinks it can get away with this," Braun said.

Stephen Quinn flung his head back from a pile of cocaine long enough to ask, "Are those DEA bitches getting mouthy again?"

We've got 1.4 million employees worldwide and we sell 16,000 guns a month. The DEA has 400 agents and a yearly budget that's less than our daily sales of Kim Possible lunch boxes. If we wanted to, we could buy and sell Michael Braun's mother and no one could stop us." Quinn then instructed his secretary to buy and then sell Michael Braun's mother.

Wal-Mart's sales of Velvet Underground albums have risen 200% since the announcement.

Area Woman Clearly Wanted to be Raped, Murdered

By Mark Thomas, will probably deny he wrote this

Alameda Police have recently taken into custody a Mr. Les Warner, confessed nymphokilliac and cannibal. Though charged with over 50 different capital offenses, Warner was quick to release a public statement claiming all of his actions stem from simple misunderstandings.

"Well, wearing a dress like that—especially in her own apartment—you could totally tell she wanted to get murdered and have her bones turned into chairs. I mean c'mon people, it was as plain as the look of fear on her face."

Elaborating further on the event, Mr. Warner continued, "Her voice, teeth, nails, and kicks may have said no, but her strappy sandals told an entirely different story. Frankly, I don't see why I'm the one on trial... I mean, what? She woke up in the morning and put on that halter-top because she DIDN'T want me to drown her in my fish tank?"

As of this time it is unclear whether Warner himself is looking forward to being raped and murdered at Chino State Penitentiary.

Isiah Thomas Appoints His Horse President of Basketball Operations

Local media was quick to question the surprise move, suggesting the horse lacks both the experience and bathroom training necessary to manage a major NBA franchise, but Thomas and the horse refuted such concerns. When asked how the new deal would impact the team's salary cap woes, he struck his foot on the ground twice then neighed. Thomas was then asked to sit down so the horse could answer the question.

ESPN2 Merges All Programming

In an effort to fit in seven more early morning broadcasts of Sportscenter, ESPN2 has announced the merger of its Darts, Curling, Bowling, Dominos, Poker, Trick Pool Shots, and Regular Pool Shots programs. The new show, entitled "Who cares, it's 2 AM and you're drunk anyway," has already resulted in the deaths of three players due to dart-related injuries. Meanwhile, a fourth clings to life with a mouth full of dominos and an ass full of playing cards. When asked for comment, ESPN2 rebroadcast that show where camels fight each other.

Story: Iraq War Takes Emotional Toll on Bay Area Residents

Bad Image:

Good Image:

We at the Daily Cal understand that any story that can't be illustrated with a picture of a dog on Telegraph isn't worthy of being told.

QUOTES:

Institutions like the New York Times labor intensively to make sure their quotes are verbatim, but they have things like tape recorders and journalistic pride.

The Daily Cal cares deeply about all our quotes. For instance, we always surround them with those little double dash things, you know, they're like double things, and you put them on each side of the stuff you make up?

Anyway, if you can't remember exactly what someone said, just fill in the gaps with popular song lyrics or advertising jingles.

Actual Quote: "This war isn't about weak leadership. It's about soldiers giving their lives for a country that doesn't seem to care."

Daily Cal Quote: "This war isn't about Hotdogs! Armour hotdogs. What kinds of kids love Armour hot dogs? Fat Kids, Skinny Kids, Kids who died in Iraq."

There, that's everything you need to know to write for the Daily Cal. Now if you'll excuse me, the Daily Cal staff and I need to get back to doing what we do best: licking glue sticks and sexually pleasing dogs with our feet.

NEW JOBS FOR HOLLYWOOD DIRECTORS

By John O'Connor

In five years Hollywood will no longer need directors thanks to advances in artificial intelligence and the fact that movies like "You, Me, and Dupree," can gross \$100 million. I mean, Jesus Christ people, go read a book.

M. Night Shyamalan, Administrative Assistant

M. Night: [bringing in a large folder] I finished the Myerson account, sir.

Boss: [taking the folder] Ah, excellent! Let's just take a...wait a second, all these pages are blank! This client will be here in half an hour and we have nothing to show for two months of work?!

M. Night: GOTCHA! Oh man, you should have seen the look on your face! No, really, here's the real file. [handing him another folder]

Boss: [calming] Oh, I get it. Good one, Shyamalan, I'm not beyond a little good-natured ribbing. Now, let's see what we have—[as he opens the folder he disturbs the giant poisonous snake inside, which lashes out and bites the boss on his upper lip]

M. Night: [pointing] GOTCHA!

Boss: OH GOD GET IT OFF! ITS FANGS ARE PIERCING MY BRIDGEWORK!

M. Night: GOTCHA!

The Wachowski Brothers, Bakers

Boss: Larry, Andy, I'm sorry to call you in on your day off but we need to talk.

Andy: What can we do for you?

Boss: Well, when I hired you two it was entirely on the merit of your first batch of muffins. Good Lord, those were fucking

fantastic muffins. I mean, really boys, top-notch muffins.

Larry: Thank you! We baked them on our own with no help from anyone else.

Boss: So I hear. Well, there was a problem with your second batch of muffins. It wasn't much like the first batch in that it was terrible. And even though I ate all twelve, it felt like those muffins never properly ended.

Andy: Oh, well, see, the thing about those muffins—

Boss: Hang on. I'm not finished. Now I thought the second batch of muffins was bad, but nothing could prepare me for the third batch. I don't want to call them disgusting culinary abortions, but I'm nearly positive you ditched the flour and yeast and instead used actual abortions.

Larry: No! You've got it all wrong, see we—

Boss: Ah fuckit. I'm not talking about your muffins, I'm talking about those agonizing Matrix sequels. You're fired.

George Lucas, McDonald's Team Member

George: Welcome to McDonald's, may I take your order?

Customer: Oh, this is so satisfying.

James Cameron, Tax Attorney

James: [walking into the office] Morning everyone.

All: [shocked expressions, silence]

Secretary: Oh my God, James! Jesus, where have you been?!

James: [getting a cup of coffee] What do you mean?

Secretary: We thought you were dead! We haven't seen you in eight years! One day you were doing excellent work, the next day you were gone, just like that!

James: [sipping] Huh. Has it really been that long? Well, I'm back now, and ready to work again.

Secretary: B-b-but, you can't just waltz back into our office like that and—

James: [throwing his coffee at the secretary] GOD! You're all so fucking DEMANDING! If anyone wants me, I'll be on my submarine.

True Stories from CLOWN HOSPITALS

San Francisco General Clown Hospital, Emergency Room, 12:14 AM

Clown Nurse: [*hurriedly wheeling in a patient on a gurney*] Incoming! Patient is a 34-year-old male clown, chest is collapsed from an elephant dancing accident!

Clown Doctor: I need 400 CCs of Lemon Meringue, STAT! Get his shirt off! Get that shirt off too! Oh damnit, why do they wear so many shirts?!

Clown Patient: [*squeezing his red nose furiously, which makes a wet sucking noise*]

Clown Doctor: Fuck! Intubate him and get him on the balloon animal respirator!

Clown Nurse: It's not working! You're losing him, doctor!

Clown Doctor: Not tonight I'm not! [*the doctor administers CPR, the patient's legs comically kicking into the air with each breath*]

Clown Nurse: He's...he's gone, doctor. Let him go.

Clown Doctor: Why? WHY? WHY, CLOWN GOD? [*pounds angrily on the patient's chest, each time causing a cute squeak*]

New York Children's Clown Hospital, 3:32 PM

Clown Doctor: Sorry to keep you waiting. Billy, I have some not so good news.

Clown Child: [*weakly smiling a nine year old's smile*] I can take it doc, I'm a big boy.

Clown Doctor: [*deep breath*] It's clowncer.

Clown Father: [*gasping*]

Clown Mother: [*sobbing*]

Clown Doctor: Here, Miss Jones. [*pulling out an incredibly long multi-colored handkerchief*]

Clown Child: [*with a trembling lip*] All my rainbow-colored hair is going to fall out.

Clown Doctor: At least it's not laughkemia.

St. Bozo's, Morgue, 2:38 AM

Clown Detective: [*lighting an exploding cigarette while looking at the covered body*] So, what's the deal?

Clown Coroner: [*removing her three fingered*

latex gloves] Binkles was murdered, and it fits the profile of our mystery killer.

Clown Detective: [*taking a deep drag, then lighting another cigarette after the first explodes*] Yeah? How's that?

Clown Coroner: [*pointing*] Smudged makeup on the throat concealing bruises. Lacerations to the knees, elbows, and over-sized buttons. Obviously, Binkles struggled.

Clown Detective: [*frustrated and angry*] Put him back in the deep-freeze.

Clown Coroner: Sure thing. [*she tries to push the morgue slab back into the locker, but the victim's huge red shoes keep smashing against the top of the hatch*]

Our Lady of Clownalupe, Miami, 4:18 PM

Clown Surgeon: [*pushing open the office door*] You wanted to see me, ma'am?

Clown Hospital Director: [*reviewing an x-ray showing a tiny bicycle inside someone's stomach*] Yes, Jeremy, come in. Take a seat. Something to drink? Seltzer? Diet Seltzer?

Clown Surgeon: Uhhh, coffee?

Clown Hospital Director: [*stares at him incomprehendingly before sighing and moving on*] There's no easy way to say this, so I'm just going to say it. Jeremy, we discovered you didn't go to Yale clown medical school. Only regular Yale medical school. You're fired.

Clown Surgeon: [*so shocked that his bowtie begins spinning around, but it's jerky and not at all comedic*] But...I..the..I..

Clown Hospital Director: Jeremy, you're a fine doctor but you're an awful clown. Please, just hit yourself with this resignation pie and get out of here.

Yes Kate, now I lead the raptors.

As he slips back to sleep, the camera tracks down the plane's

God no! Now we'll never get back to

ATTENTION, NEW RENTERS!

Rent Stabilization Board

Did you know Berkeley has rent control?
Find out what this means for you:

Your landlord cannot raise your rent unless the increase has been pre-authorized by the Berkeley Rent Board.

If you moved into your apartment a month ago but the landlord still hasn't finished the work he promised to complete before you moved in or the apartment has substandard conditions that the landlord refuses to repair, you can file a petition with the Rent Board for a rent reduction.

Your landlord cannot evict you just because she has decided she doesn't like you, your friends, or the music you play. She needs to have one of the "good causes" for eviction listed in the Berkeley Rent Ordinance.

If your landlord fails to pay the interest on your security deposit by January 10th of each year, you can deduct 10% of your deposit from your rent after giving him/her 15 days' prior written notice.

Your apartment is probably under rent control if all of the following are true:

1. You do not share a kitchen or bathroom with the owner;
2. Your building has more than 2 units (2-unit properties are also under rent control if no owner lives on the property and/or no owner lived there in 1979);
3. The apartment in which you live was built prior to May 1980.

REAL NAME™

I bought this horse on December 18th. Just to be safe, I got the two-day shipping. After four days and no horse I just went out and got a horse at Wal-Mart. When I got home, the Amazon horse was there. I tried to send it back but they said I couldn't because I already fucked it. Anyway, the Amazon horse is vastly superior to the Wal-Mart horse in all areas...coat sheen, vaginal moisture, and lack of kicking. My one complaint is that the step stool the horse came with wasn't tall enough, so my kids couldn't fuck the horse so I had to go out AGAIN to the store and get another step stool. To cut a long story short, they loved it.

ROAD AND HORSE MAGAZINE

Few horses have a richer history of horse-fucking excitement than the Ford Mustang. Ford's decision to bring the stallion back into full production has been met by the excited rallying cries of enthusiasts and amateur horse fuckers alike. After spending ten thousand miles and fourteen thousand penetrations with the new Mustang, we have some thoughts on it.

Pros: There's only one word to describe this horse: fast. One second you're putting the keys in, and the next second you're balls-deep and hanging on for

dear life.

Cons: The stock oil pump is weak and can't keep the horse properly lubricated. We suggest manually changing the horse's oil not every 3000 miles as the manual suggests, but every time you fuck the horse.

Final Verdict: The Mustang is back and it's the best Mustang yet. It may not be Ferrari's prancing pony, but you can't beat this horse's performance for the price. Unless you want to beat it while fucking it, in which case we recommend buying the optional warranty.

HARRY'S REVIEWS

Harry Burbles Over FUCKING A HORSE!!!

Hey folks, Harry here. So just like every morning, my fiancé was helping me pick Funyuns out of my beard when the phone rang. I couldn't answer it because my Rascal wasn't charged... but when I finally checked my messages, you won't BELIEVE what I heard!!!

For as long as I can remember Guillermo del Toro has been telling me about how much he'd love to fuck a horse. So when he invited me to his new ranch, you better BELIEVE I booked three seats on a plane and packed my bag full of travel butter.

By the time I arrived, Steve Buscemi and Wes Anderson had already fucked the horse, but I wasn't gonna let SLOPPY THIRDS or my crippling obesity keep me from enjoying myself!!!

Slowly and carefully, with Guillermo's brilliant direction, I mounted Shasta. What can I say? WOW. JUST WOW. When it was all over, I WEPT openly as I was was forklifted over to my laptop to write my impressions.

Now some of you out there are gonna love this and some of you are gonna hate this, but if you come in with the right attitude, I promise you'll have a GREAT time fucking a horse!!!!
